MEMORANDUM FOR: Deputy Director for Operations
FROM: Director of Central Intelligence
SUBJECT: Commerce and Trade "Attaches" (U)

1. At the Business Council meeting last weekend, I picked up an indication that the Administration has approved a new plan that all commercial attaches will be transferred out of the State Department and to the Commerce Department. In addition, the Special Trade Representative will expand his overseas representation in major trading areas and have his own "attaches" on the scene. (U)
